Any loss during any idle period that would have been experienced had the interruption of the Business not occurred. This includes but is not limited to when production, operation, services, delivery or receipt of go business activities would have ceased or would not have taken place or would have been prevented due to:

**1.1.20.1**

Strikes or other work stoppage;

Any reason other than physical loss or damage insured by this Policy,

**1.1.20.2**

**1.1.20.3**

**1.1.21** Any increase in Business Interruption loss due to:

**1.1.21.1** Fines or damages for breach of contract or for late or non-completion of orders;

**1.1.21.2** Penalties of any nature;

**1.1.21.3** Any other consequential or remote factors.

**1.1.22** Any Business Interruption loss due to a peril not insured under this Policy on or off from the Insured Premises.

**1.1.22.1** However, in the event that an interruption is due to an Insured Peril and during such interruption a loss that is otherwise excluded occurs the Insurers will pay for the Business Interruption loss which is directly caused by the Insured Peril under this Section.

**1.1.23** Any Business Interruption loss resulting from damage to property of others however this exclusion does not apply to Business Interruption loss suffered by the Insured as a direct result of the damage to property (of the type insured in this Policy) of others used by the Insured.

**1.1.24** Extensions coverages provided in Section 4 and 5 in the policy wordings, unless and until specifically opted by payment of additional premium and mentioned in policy schedule

## Terrorism Damage Exclusion Warranty

This Policy excludes loss, damage, cost or expense of whatsoever nature directly or indirectly caused by, resulting fromor in connection with any act of terrorism regardless of any other cause or event contributing concurrently or in anyother sequence to the loss.

For the purpose of this exclusion, an act of terrorism means an act or series of acts, including but not limited to the use of force or violence and/or the threat thereof, of any person or group(s) of persons, whether acting alone or on behalf of or in connection with any organisation(s) or government(s), or unlawful associations, recognized under Unlawful Activities (Prevention) Amendment Act, 2008 or any other related and applicable national or state legislation formulated to combat unlawful and terrorist activities in the nation for the time being in force, committed for political, religious, ideological or similar purposes including the intention to influence any government and/or to put the public or any section of the public in fear for such purposes.

## Valuation

In the event of any claim for physical loss or damage caused by an Insured Peril to Property Insured the basis of valuation of the Property Insured will be calculated on the replacement value on site and at the time of the damage less the residual value except as undernoted. The replacement value will include the actual costs of the Insured's accountants, architects, auditors, engineers or other professionals fees necessarily incurred in the reinstatement or replacement of the Property Insured provided such costs have been adequately declared to the Insurers by the Policyholder.

## Buildings

The replacement value for buildings will be the customary construction cost (new replacement value).

The repair or rebuilding must be made within a reasonable time frame. If the rebuilding has not started within 2 years from the date of physical loss or damage by an Insured Peril at the same place, to the same extent and for the same purpose, the replacement value may not exceed the current market value at the time when the loss occurred. This also applies if the reconstruction is not undertaken by the Insured, its legal successor under family or inheritance law or by a person possessing a legal title to acquisition of the building at the time of the loss. For condemned buildings the replacement value is the demolition value.

## Electrical and Mechanical Installations

The replacement value of electrical and mechanical installations is the amount corresponding to the procurement or new replacement value of goods of the same or similar kind and in the event of partial loss not more than the cost of repairs. Existing residues will be calculated at their new replacement value.

The Cost Price to replace non-repairable electrical or mechanical equipment including Computer Systems equipment with equipment that is the most functionally equivalent to that damaged or destroyed even if such equipment has technological advantages, represents an improvement in function or forms part of a program of system enhancement. Only the Actual Cash Value will be paid for items no longer used.

The repair or replacement must be made within a reasonable time frame. If the repair or replacement has not started within 2 years from the date of physical loss or damage by an Insured Peril, the Insurers will not be liable for more than the Actual Cash Value of the property destroyed.

## Electronic Data and Electronic Data processing Media

The reasonable and necessary costs or expenses incurred by the Insured to copy repair or replace the Electronic Data processing Media itself plus the costs of copying the Electronic Data from back-up or from originals of a previous generation.

These costs will not include research and engineering nor any costs of recreating, gathering or assembling the Electronic Data. If such Media is not repaired, replaced or restored the basis of valuation shall be the cost of the blank Electronic Data processing Media.
However, this shall not include any amount pertaining to the value of such Electronic Data, to the Insured or any other party, even if such Electronic Data cannot be recreated, gathered or assembled.

The valuation for the blank Media (other than the Electronic Data itself) will be following the valuation for Finished Stock, Raw Materials, supplies or Merchandise or Semi-Finished Products and Stock in Process, depending on how the Media is used by the Insured.

## Fine Arts

The replacement value for Fine Arts will be the lesser of

a) the reasonable and necessary cost to repair or restore such property to the physical condition that existed on the date of loss; or

b) the cost to replace the article; or

c) the value if stated on a schedule on file with the Insurers.

If the Fine Arts article cannot be replaced and an appraisal is not available, the valuation will be market value based on prevailing conditions at the time of loss or damage.

## Finished Stock

The replacement value for Finished Stock will be the invoice price subject to the market price as a maximum. When calculating the replacement value of Finished Stock, the administration and distribution overheads will be added to the manufacturing cost which are actually incurred by insured as on date of loss. The claim will be adjusted based on the valuation method applicable immediately prior to the Occurrence of the loss according to the Insured's books of account.

## Involuntary Betterment

In the event of any claim for physical loss or damage caused by an Insured Peril to electrical or mechanical installations and replacement equipment of like kind and quality is not obtainable, new equipment which is as similar as possible to that suffering damage and which is capable of performing the same function, shall be deemed to be new equipment of like kind and quality and in no event shall this be considered as a betterment to the Insured.

The Insurers will also pay the cost of purchasing and installing technologically current equipment which is necessitated by incompatibility between new equipment installed to replace equipment suffering damage and undamaged existing equipment at the same or an interdependent Insured Premises provided that:

a) the Insurers shall be liable only for the amount sufficient to enable the Insured to resume Operations in substantially the same manner as before the damage;

b) the Insurers shall be liable for only the difference between the Highest Sales Value of the undamaged existing equipment at the same or interdependent Insured Premises and the Installed Cost of the technologically current equipment.

loss or damage from Machinery and Equipment Breakdown;
Under this provision, the Insurers will not pay for any:

i) ii)

loss or damage during testing and commissioning of the replacement equipment. If a machine fails during testing and commissioning, the Insurers will only pay for those costs up until the point of a damage to the machine occurring, but not including ongoing commissioning costs nor any loss or damage directly caused to the Machinery and Equipment undergoing any form of testing.

costs incurred for the necessity to comply with the provisions of any applicable legislation or regulation as insurable under the Extensions of Coverage to Section 3 – **Error! Reference source not found.** Public Authorities.

iii)

Own- and Third-Party Unregistered Motor Vehicles Including Trailers

The replacement value for own- and third-party unregistered motor Vehicles (except when they are Finished Stock manufactured by the Insured or Merchandise of the Insured) including trailers is the Actual Cash Value.

## Pair or Set

The replacement value for pair or sets will be at the option of the Insurers. The Insurers will at their option

a) pay the cost of repairing or replacing any part to restore the pair or set to its value prior to the loss or damage; or

b) pay the difference between the value of the pair or set prior to and after the loss or damage.

If settlement is based on a constructive total loss, the Insured will surrender the undamaged parts of such property to the Insurers.

## Patterns, Models, Moulds

The replacement value for patterns, models, moulds, tools, plans, designs, stencils, matrices, cuts, dies, offset films, printing plates and cylinders, blocks, jacquard cards and the like will be:

a) The actual cost of repair or replacement of the property, if the repair or replacement starts within a period of 2 years from the date of physical loss or damage by an Insured Peril; or

b) The value of the materials of which they are constructed for obsolete property that is no longer in use or is not replaced.

## Personal Effects of Officers, Employees and Visitors

The replacement value for personal effects of officers, employees and visitors is the amount corresponding to the procurement or new replacement value of items of the same or similar kind and in the event of partial loss not more than the cost of repairs. Existing residues will be calculated at their new replacement value. Only the Actual Cash Value will be paid for items no longer used.

## Raw Materials, Merchandise, Operating Materials and Office Equipment

The replacement value of Raw Materials, Merchandise, operating materials and supplies including the contents of underground or over ground tanks, office equipment and printed matter will be the Cost Price.

## Securities and Deeds

The replacement value for Securities and Deeds is the cost of the amortisation procedure and loss of interest and dividends. If the amortisation procedure does not result in such Securities and Deeds being declared null and void the Insurers will provide indemnity for the market price of the non-amortised Securities and Deeds at the time of the physical loss or damage by an Insured Peril. For Securities and Deeds with an official trade price, this is the closing price on the last trading day before the physical loss or damage by an Insured Peril. The Insurers are entitled to replace such Securities and Deeds in kind.

For Securities and Deeds that exist as Electronic Data and only in that form, the Insurers will pay for the reasonable and necessary costs or expenses incurred by the Insured to replace, restore or recollect the Securities and Deeds from written records or partially or fully matching Electronic Data, but not for any amount pertaining to the value of such Electronic Data to the Insured or any other party or the diminution in the economic or market value of the Securities and Deeds even if such Electronic Data cannot be recreated, gathered or assembled.

## Semi-Finished Products and Stock in Process

The replacement value of Semi-Finished Products and Stock in Process will not exceed the market price. When calculating the replacement value of Semi-Finished Products and Stock in Process the pro rata administrative and distribution overheads (depending on market) will be included with the production costs already incurred depending on the extent to which the products are finished.

## Goods and Services Tax < >

Goods and Services Tax (GST) or local equivalent is not indemnified by the Insurers if the Insured is registered for such tax. The same applies if the Insured has not actually paid any GST or equivalent tax on the occasion of repair or replacement.

## Premium

Premium rate depends on construction of building and occupancy. Discount/loading in premium is given based on past claims experience for risks exceeding Rs. 50 crores Sum Insured at any location and installation of Fire Extinguisher Appliances.

## Excess

- Where reinsurance support is sought, the excess/ deductibles applicable will be fixed in consultation with the reinsurer based on their experience.

- In all other cases, the deductibles applicable will be as follows:
