

ICICI Lombard General Insurance's Special Help Desk for Cyclone Biparjoy

Mumbai, June 13, 2023: As the intensifying Cyclone Biparjoy poses a potential threat to the coastal regions of Gujarat, Indian Meteorological Department (IMD) on Sunday evening issued a Cyclone alert for Saurashtra & Kutch Coast. It is likely to intensify into an extremely severe cyclonic storm in the next 12 hours. The IMD (Indian Meteorological Department) has suspended all the fishing operations alongside the coast to prevent any casualties. We appeal the people to be safe and follow the information given by the authorities and to venture out only if necessary.

In light of this forecast, ICICI Lombard urges all its customers residing in the affected areas to take necessary preventive measures like staying informed, securing your property, stocking essential supplies and protecting important documents.
